

The Ohio Aviation Association
**2012 Ohio Airports
Conference**
April 17 & 18 - Columbus, Ohio

Dear Aviation Colleague:

The 2012 Ohio Airports Conference will be held on April 17th and 18th in Columbus, Ohio at the Crowne Plaza Hotel, North Columbus (New location). This will be the only airport conference held in Ohio this year, and we have extended the conference to two days so that we can cover as much as possible. As usual, the conference will provide an excellent opportunity to network with your aviation and airport counterparts from around the Great State of Ohio. Representatives of the Federal Aviation Administration and ODOT Office of Aviation will also be present.

This year, in addition to several general sessions and speakers, the conference will feature breakout sessions organized along 4 tracks - Technical, Operations, Owner, and Other with topics of interest to all of our members. Our Vendor Reception will be on Tuesday, followed by our banquet dinner and guest speaker. We urge you to examine the enclosed agenda. Additional information will be provided as it becomes available, including a list of events and attractions in the Columbus area during the conference.

The FAA Airports District Office staff will also be available at the conference to meet with airport sponsors. Those interested in meeting with the FAA staff should contact Brad Davidson at (734) 229-2916 (brad.n.davidson@faa.gov) to schedule an appointment.

We look forward to seeing you in April.

Alan Harding
OAA President

The Ohio Aviation Association 2012 Conference & Annual Meeting
